Your participation in commenting on these proposed Regulations, Rules, and Guidelines will help ensure that the hard-fought legislative work that achieved the passage of the Cabin User Fee Fairness Act will not be lost through administrative process. We continue to have the support of Congress in our fight to correct these regulations, but must demonstrate that our members are actively and aggressively engaged in this process

If you have questions about this process or the proposed CUFFA regulations, please feel free to contact Hans Johnson at 1-800-669-9971.

Thank you for your support of NFH and involvement in this important legislative process.
